

This Cybersecurity program is recognized as a Center of Academic Excellence (CAE) in Cyber Defense, CAE-2Y 2018-2023. Institutions that receive a Center of Academic Excellence (CAE) designation have met the rigorous requirements set forth by the joint sponsors of the program, the National Security Agency (NSA) and the Department of Homeland Security (DHS). The NSA and DHS award the CAE designation to institutions that are committed to producing cybersecurity professionals with cyber defense expertise.

High School

WHAT IS CYBERSECURITY?

Cybersecurity is using the full potential of computers to help protect businesses and

individuals online. You will learn about specialized skills and tools to protect computer systems against unauthorized access,

modifications, and destruction.

ONLINE COURSES:

- Personal Computer Hardware
- Fundamentals of Networking
- Implement & Support Servers
- Secure Linux Admin
- Networking w/TCP/IP
- Routers
- Server Visualization
- Info Tech. Servers
- Firewalls & Networking Security
- Intrusion Detection
- Enterprise Networking
- Security Scripting

Dual Enrollment:

Starting Fall/2022 and in collaboration with TSTC, students will be able to enroll for all online courses for both college and high school credits.

GOALS:

- Associates Degree in Cybersecurity
- Technical Certificate
